ASMPT Announces Strategic Optimisation of its Manufacturing Operations

Singapore, August 11, 2025 – ASMPT, a global leader in semiconductor and electronics manufacturing, announced today a strategic optimisation of its manufacturing operations in China.

ASMPT has decided to close ASMPT Equipment (Shenzhen) Co., Ltd. (先進半導體設備 (深圳) 有限公司) in Bao'an, Shenzhen. This facility is part of the company's Semiconductor Solutions Segment, and the closure affects approximately 950 staff. This was a tough but necessary decision to optimise ASMPT's global supply chain to better align it with evolving market dynamics and customer needs. It is expected to improve the cost competitiveness, agility and resilience of ASMPT's global manufacturing operations for its key products and solutions.

ASMPT is committed to treating all affected employees with fairness, dignity and respect. Comprehensive support measures are being put in place to assist impacted staff through the transition.

ASMPT's other key global manufacturing operations are unaffected by the closure. Its supply chain is fully aligned to ensure uninterrupted delivery to all customers, with no impact on the quality or availability of its products and services.

This strategic alignment reflects the company's continued commitment to operational excellence, responsible business practices and sustainable long-term growth.

About ASMPT Limited ("ASMPT")

ASMPT Limited is a leading global supplier of hardware and software solutions for the manufacture of semiconductors and electronics. Headquartered in Singapore, ASMPT's offerings encompass the semiconductor assembly & packaging, and SMT (surface mount technology) industries, ranging from wafer deposition to the various solutions that organise, assemble and package delicate electronic components into a vast range of end-user devices, which include electronics, mobile communications, computing, automotive, industrial and LED (displays). ASMPT partners with customers very closely, with continuous investment in R&D helping to provide cost-effective, industry-shaping solutions that achieve higher productivity, greater reliability, and enhanced quality. ASMPT is also a founding member of the [Semiconductor Climate Consortium](#).

ASMPT is listed on the Stock Exchange of Hong Kong (HKEX stock code: 0522) and is one of the constituent stocks of the Hang Seng TECH Index, Hang Seng Composite MidCap Index under the Hang Seng Composite Size Indexes, the Hang Seng Composite Information Technology Industry Index under the Hang Seng Composite Industry Indexes, the Hang Seng Corporate Sustainability Benchmark Index, and the Hang Seng HK 35 Index.
